**Thetford Academy Design Technology Safety Agreement:**

The tools and machinery in the Design Technology Lab are inherently dangerous. Safety is the top priority. I have read the General Safety Policies and Guidelines for Design Technology and, in order to minimize the chance of injury, I agree to follow them at all times. I understand that failure to follow the safety policies and guidelines increases the likelihood of injury, and therefore intentional neglect to do so may result in removal from class and/or detention. Persistent neglect of safety policies will result in removal from and/or failure of the course.
